## Division Luncheons

Several ISA Technical interest Divisions will host the following luncheons.

### Analysis Division

The Analysis Division is ideal for the professional involved in every aspect of process stream and laboratory methods of analysis – from theory and development to application, training, and calibration. If your specialty includes technologies such as spectroscopy, chromatography, electrochemistry, and sampling, the Analysis Division is the place to be!

Luncheon Cost: \$20.00 Code: AD

Tuesday, 22 October – 11:30 a.m.

### Food and Pharmaceutical Industries Division

This is the Division for sharing and understanding the latest technology for sensor, instrument, equipment, automation, computer-system, and software application for the Computer Package Goods (CPG) and Pharmaceutical Supply Chains.

Luncheon Cost: \$26.00 Code: FPID

Tuesday, 22 October – 11:30 a.m.

### Management Division

This Division is concerned with that segment of ISA membership involved or having interest in management and supervision of people and projects involving instrumentation and controls systems. They are also concerned with management and

maintenance issues related to instrumentation, automation, and process control. The Management Division provides an organizational structure and environment in which professionals can prepare for management positions.

Luncheon Cost: \$26.00 Code: MAN

Tuesday, 22 October – 11:30 a.m.

### Process Measurement and Control Division

This Division focuses on all aspects of process measurement and control, including primary sensors, control hardware, and software. The active technical committees reflect a variety of interests, including automation and control systems, flow technology, pressure technology, temperature technology, level technology and field calibration.

Luncheon Cost: \$26.00 Code: PMCD

Tuesday, 22 October – 11:30 a.m.

### Safety Division

This newly established Division serves a wide variety of safety-related areas connected with controls and automation. For those involved in safety functions, this is the perfect opportunity to network with peers facing similar issues and challenges related to safety.

Luncheon Cost: \$26.00 Code: SAFE

Tuesday, 22 October – 11:30 a.m.

### Water and Wastewater Industries Division

This Division provides professionals with the latest news and information relating to instrumentation and control systems in water and waste management. For those involved in the water and wastewater industries, this is your opportunity to advance your career with the resources available to you as a Division member.

Luncheon Cost: \$26.00 Code: WWID

Wednesday, 23 October – 11:30 a.m.

**To order tickets, provide division code and price under Section 5 Part C of the Registration Form.**
